Act 48 of 2003 (the Act) amends the Public School Code to Provide for establishment of the Educational Improvement Tax Credit program (EITC), to be administered by the Pennsylvania Department of Community and Economic Development. The Act awards tax credits to businesses that make contributions to qualified educational improvement organizations. The Easttown Library Foundation has been approved by the Department as an educational improvement organization. To receive tax credits for your contribution to the Easttown Library Foundation your business must be authorized to do business in Pennsylvania.

**Corporations that make a donation are eligible to receive 75% of their contribution in tax credit.**

Existing charitable deductions **still apply** with this credit—increasing the value of the tax credit!

Please know that there are a limited number of EITC Tax Credits available.
